THE KAISER DINED.

United States Ambassador Tower Entertained the German Emperor and His Suite.

SIGNIFICANT POLITICAL SPEECHES

William For the First Time Saw the Flag of the President of the United States.

Prince and Princess Henry Gave a Large Garden Party Friday Afternoon Which Was Attended By the American Officers.

Kiel, Prussia, June 27.—The dinner given by United States Ambassador Tower to the German emperor Friday night was made the opportunity, both by the emperor and the ambassador, to utter speeches of political significance.

Ambassador Tower, among other things, said: "It is with very great pleasure that I have been permitted to present to you Rr. Adm. Cotton and the officers of the United States navy who accompany him upon this visit to Kiel in response to your invitation. They come here with their ships of war upon a mission of peace, bringing with them cordial sentiments of friendship from America to Germany. I am convinced, sir, that you and your people entertain the same sentiments in return towards the president and people of the United States. Your interest in us has proven this on many memorable occasions, especially upon that of the visit of his royal highness Prince Henry, who was received throughout the country with demonstrations of hearty and sincere welcome, and who, when he embarked, left behind him the universal wish that he would visit us again.

"Mutual understanding between nations as between individuals is best attained by personal intercourse, which leads to better acquaintance, and it is a happy outcome of an occasion like this that friends strengthen their friendship, which in the case of two great powers like Germany and the United States, is a benefit to the whole civilization, extension of commerce and the peace of the world."

Mr. Tower then proposed the health of the German emperor, the empress, the crown prince and the members of the imperial family.

Emperor William, speaking in English, made the following reply:

"In responding to your excellency's warm and sympathetic toast, I offer a cordial welcome to the American squadron, Adm. Cotton and his officers, in the name of the German people. We look upon them as the bearers of the friendly sentiments of the citizens of the United States, to which I can assure your excellency the whole of Germany heartily responds. I am happy that my hopes for a better mutual understanding between our two countries through the personal intercourse which my brother, Prince Henry, was able to hold with your excellency's countrymen, have been fully realized, and have strengthened the bonds of friendship between Germany and America.

"It is now my duty to beg your excellency to thank his excellency, the president of the United States, for this joyous occasion for which we are indebted to his kindness. We all over here admire his firmness of character, his iron will, his devotion to his country and his indomitable energy, and we readily grasp the hand proffered to us across the sea in cordial friendship, feeling at the same time that blood is thicker than water.

"Gentlemen, I propose the toast of his excellency, the president of the United States: God bless him and the United States."

Emperor William Friday night for the first time saw the flag of the president of the United States, which formed part of the decorations of the banqueting room in the yacht club house, where Ambassador Tower's dinner was given.

After dinner the emperor walked to the Hotel Seebade-Anstalt, which is near the yacht club, and sat with Ambassador Tower and the others on the veranda for an hour.

Prince and Princess Henry gave a large garden party Friday afternoon which was attended by all the American naval officers who could get leave and those civilian Americans visiting Kiel. The prince and princess, as the line of guests defiled past them, picked out the Americans and stepped forward and shook hands with each. The emperor and empress returned from the yacht racing in time to attend the party. Prince Henry presented Mr. and Mrs. Cornelius Vanderbilt to their majesties and the emperor conversed with Mrs. Vanderbilt. The emperor and empress moved about the grounds freely, stopping to talk with those they knew.

KENTUCKY FEUD TROUBLES.

Gov. Beckham Scores His Critics in a Statement.

Frankfort, Ky., June 27.—Gov. Beckham, in response to a great many requests, Friday gave out a long statement in regard to the Kentucky feud troubles. In it he caustically scores his critics. He says the constitution limits the executive's acts and he has no powers to oust judges. He suggested that Judge Redwine transfer the Jett and White cases, but could not insist when he refused to do so.

The governor scores the newspapers for telling him what he should do and declares the criticisms have not swerved him. He can not declare martial law and court-martial the prisoners. Republicans who harassed William Goebel, he says, now howl about the troubles in Breathitt county, and still defend assassins. Democrats, he says, will punish all the criminals and add:

"I do not speak of the mass of the republicans of Kentucky, who, I believe, do not approve of crime and lawlessness of any kind, but I refer to those whose bitterness and malignancy would place upon me the responsibility of the condition of affairs in Breathitt, where I have endeavored with all the power in my hands to restore peace in that county."

POSTMASTER GENERAL PAYNE.

The President Has Absolute Confidence in Him.

Washington, June 27.—"The president has absolute confidence in Postmaster General Payne and has no thought that he will leave the cabinet," said Senator Hanna Friday after an extended visit to the white house. He added: "The president is satisfied with the work Mr. Payne is doing and appreciates his integrity and executive ability. Mr. Payne has no thought of resigning, but if he did, his resignation would not be accepted by the president."

Senator Hanna said it was unfortunate that Mr. Payne's health was so poor and that he could not go away and recuperate because his presence is needed in Washington at this time.

THE WAGE SCALE.

Settlement Between Alabama Operators and Miners in Sight.

Birmingham, Ala., June 27.—A settlement on a wage scale between operators and miners is now in sight. The operators have made an offer of 2½ per cent. per ton on both the maximum and minimum wage scales of the miners with a corresponding increase in day labor and dead work. The only difference compared to the present scale is that iron at \$12 is made the basis instead of \$11.

The miners went into executive session after receiving the offer to discuss the same and there are probabilities that it will be accepted with some minor changes.

IT IS SPREADING.

About 200,000 Men Out on Strike in Greater New York.

New York, June 27.—Full 200,000 men are out in the building trades strike, and it is spreading and will go much farther. Wherever the walking delegate appears and issues orders to stop the men stop immediately. The tie-up is regarded as complete. All differences that existed between different trades unions, it is declared, are healed, and they are working in complete unison. It is the largest tie-up of building trades ever accomplished, and the declaration is that it is a fight to the death.

GRAY HADDIX MISSING.

He Disappeared From Jackson After Threats of Assassination.

Jackson, Ky., June 27.—Gray Haddix, who is the principal witness against Ed Tharp and Joe Crawford, charged with burning Ewen's hotel here, just after Ewen had testified against Jett and White, charged with the assassination of J. B. Marcum, it was reported Friday morning, is missing. Haddix has been under guard for a part of the time since the arrest of Crawford and Tharp. He was attacked once by two of the Hargis henchmen on the bridge, and they were sent to jail for assault with a pistol. Later he reported an attempt to burn his house down. A few days ago he told a soldier that he had been threatened with assassination if he testified against Crawford and Tharp before the special grand jury to be called here on July 29 to investigate the charges of arson and bribery. The town was quiet Thursday night.

Mrs. Ewen has rented a house and will attempt to carry out the contracts of her husband with the Hargises. The men they employed were turned out by people boarding them for fear of the Hargises, and now she says the men refuse to work on the contract, and she may not be able to complete it, after all.

SMACKED LIPS IN THE TUNNEL.

Mrs. Ella M. Barber Sues the Louisville & Nashville For Damages.

Lexington, Ky., June 27.—Mrs. Ella M. Barber filed suit Friday against the Louisville & Nashville Railroad Co. for \$5,000 damages. She alleges that she was insulted by male passengers on one of the company's trains while riding from Louisville to this city on Sunday, April 23 last. She states that she was the only lady in the coach and that while going through a tunnel the men slapped their lips as if kissing some one, called to another up and down the car, "Quit your kissing, will you?" and made other remarks, to her shame and mortification.

Missed Rat and Hit Girl.

Owingsville, Ky., June 27.—On the Ragland oil field Paul Clifton, a merchant, was firing at rats with a pistol when a ball went through the wall of the store, glanced on a rock and struck Mary Gibbs, aged 10 years, in the left side of the head, penetrating about two inches. She is fatally hurt.

Mrs. O'Brien's Petition.

Lexington, Ky., June 27.—Mrs. E. C. O'Brien, of Memphis, mother of Claude O'Brien, the condemned murderer of A. B. Chinn, who has been circulating a petition in behalf of her wayward son, has succeeded in getting 39 names of Lexington business men signed to the petition.

New Well in Barren County.

Glasgow, Ky., June 27.—The South Kentucky Oil Co. brought in well No. 2 on the Sallie Kinslow lease, on Boyd's creek. This makes ten producing wells the South Kentucky people now have on Boyd's creek, and the last one is said to be a 15-barrel well.

Gen. C. M. Clay Dangerously Ill.

Lexington, Ky., June 27.—Gen. Cassius M. Clay, former minister to Russia and the sage of Whitehall, is reported as being dangerously ill at his home, and this, by reason of his greatly advanced years, has caused considerable alarm to his friends.

Died of Prostration.

Burkesville, Ky., June 27.—Mrs. Kate Smith, widow of Frank Smith, who committed suicide at Mendota, Ill., last week, died of prostration. She was an invalid, and the news of her husband's tragic death was more than she could bear.

Fire at Hickman.

Fulton, Ky., June 27.—Fire at Hickman destroyed the furniture store of O. M. Phillips and the wholesale grocery of Haas, Lieber & Coster. The buildings were gutted. The loss is \$15,000. Fire is believed to be of incendiary origin.

A Hot Local Option Contest.

Greenup, Ky., June 27.—A hot contest is on in Greenup as to whether the town shall be "wet" or "dry." An election has been ordered for July 30 to take the sense of the legal voters. At present the city of Greenup is a license town.

Caused a Scene.

Lexington, Ky., June 27.—J. L. Noble, of Jackson, caused a scene in the lobby of the Phoenix hotel Friday night. He was twice ejected by Deputy Sheriff Rogers. He is an outspoken ally of the Hargis faction in Breathitt county.

Whitney and O'Brien to Hang July 24.

Frankfort, Ky., June 27.—The governor fixed Friday, July 24, for the hanging of Earl Whitney and Claude O'Brien, the Lexington murderers. Their attorneys presented a petition for commutation of sentence.

Judge Cole is critically ill at his home on Limestone street. His nephew, Dr. A. P. Cole, an eminent specialist of Cincinnati, was called here to-day in consultation with his physicians.

The Continental Tobacco Company has purchased 2,300 hogsheads of old burley through a private sale by the Louisville Tobacco Warehouse Company for \$150,000, and thus practically exhausted the supply of old burley on the Falls City breaks.

At a meeting of the Sunday school workers of Maysville at the First M. F. Church, South, Sunday afternoon, June 21st, the following committee was appointed for the purpose of arranging for a picnic, to be held at some point which will be agreed upon by this committee: W. W. Ball, John Duley, J. B. Noyes, Geo. Harding, I. M. Lane, R. A. Cochran, John W. Bouldin, Judge Cochran, E. Swift, L. H. Young, J. T. Kackley, M. F. Marsh, Dr. P. G. Smoot, L. Stickley and H. C. Curran. All the above are requested to meet at the above church tomorrow afternoon at 3 o'clock to decide time and place.

There are some things which would be of great commercial value that have never yet been invented. Among the number are a railroad rail joined without nuts or bolts to hold them together. J. N. Patton, of Manchester, thinks he has solved this difficulty and has applied for a patent on a joint that looks to the eye of a novice to be the thing, says the Signal. The end of the rails slide together by means of a socket and grooves with flanges, and when put down is left apart a little way to allow for contraction and expansion. The rails when put down are spiked and become permanent and solid.

River News.

The flagship of the big coal fleet ought to be along to-day.

If all the rumors are half true there is "trouble on the moon" for Commodore Laidley, of the White Collar Line, says the Manchester Signal, and he will have to keep up a pretty lively gait if he gets control of all the boats proposed to be put in the Vanceburg, Manchester and Cincinnati trade. First, a stock company is forming at Manchester to put in a packet and freight boat from here to Cincinnati. Second, the Madison and Cincinnati Packet Company is negotiating for the steamer St. Joe, a St. Louis boat, to run between Cincinnati and Vanceburg. Third, the W. H. Grapevine, formerly in the St. Louis and Missouri river trade, has been purchased by Cincinnati parties, and will be used from Cincinnati as an up-river boat.

Echoes From the Late Meeting of the Medical Society.

Among other prominent citizens of Sardis who extended the warm grasp of welcome to the Mason County sawbones was that great traveler and hero of many a hard fought parade—Major General George W. Dye. His greeting is just as cordial and his smile just as winning as when he came back with the boys from the Mexican war in the days of long ago. Numbered with the medical men who sat down to Dr. Adamson's well-filled table were Drs. Wood and Neal from Mt. Olivet, Huddleson of Germantown, Davis of Mayslick, Hunter of Washington, Cook of Wedonia, Marshall of Sardis, and Pickett, Taulbee, Ellis, Yazell, Samuels, Brand, Adamson and Browning, of Maysville.

The next regular meeting of the society will be held here in Maysville, at which time a prominent medical gentleman from abroad will be present to assist in crowning Col. Maltby with the title of Doctor Medicinæ, in reward for the deep interest he has always taken in medicine and in medical men.

THE FINAL SUMMONS.

Mrs. T. K. Proctor Passed Away This Morning—Death of James W. Staton.

Mrs. T. K. Proctor died at 5 o'clock this morning at her home on Wood street, of a complication of diseases. She was a Miss Ricketts, and about sixty-three years old. Her husband survives with four children, three sons, T. K., Jr., William and Harry and one daughter, Mrs. Ida Baughman. The funeral arrangements have not been announced.

Mr. James W. Staton, who was recently stricken with paralysis at Paris, died at 3 o'clock this morning at Brooksville. He was Past Grand Master of Kentucky Grand Lodge of Masons, and will be buried with the honors of the order next Tuesday at 2 p. m. at Brooksville. He leaves a large family.

KISHINEFF AFFAIR.

Russia Learns With Profound Regret of the Intention of the Washington Authorities.

THE PETITION OF AMERICAN JEWS

It Will Be Received From the American Charge With the Usual Cordiality Accorded an Envoy.

In Returning the Petition Officials Will Assure Mr. Riddle That Russia Cherishes No Ill Will Towards the United States.

Washington, June 27.—The Russian government has learned with profound regret of the intention of the Washington authorities to forward to St. Petersburg a petition from American Jews relative to Russia's treatment of her Jewish subjects. It is yet hoped that the United States will appreciate the Russian view of the case and will content itself with the kindly expressions of sympathy which it has already offered for the affair at Kishineff. The Russian position regarding what is considered outside interferences in the internal affairs of Russia has already been stated. That position continues to be held and Mr. Riddle, the American charge, when he presents the petition at the Russian foreign office will be received with the same cordiality always accorded an American envoy. In returning the petition to Mr. Riddle, the officials will assure him that Russia cherishes no ill will towards the United States and that the action it takes with respect to the petition is necessary in view of Russia's unalterable policy of refraining from interference in the internal affairs of other powers and insisting on similar treatment for itself.

The Russian government hopes its firmness in the matter will not be misunderstood, but in view of the announcement of its position weeks ago, is surprised at the developments which will force a reiteration of its views. Mr. Riddle, it can be stated, will be subject to no personal embarrassment in presenting the petition and he will be given to understand that the St. Petersburg authorities appreciate the fact that he is only carrying out his orders. Should the presentation of the petition be deferred until the return to St. Petersburg of Mr. McCormick, the American ambassador to Russia, the same program will obtain unless in the meantime the Russian government is made aware of extenuating circumstances, which puts the matter in a different light. Indeed, it is declared Russia would be glad to do anything possible to relieve the tension in the United States, but feels unable to sacrifice a principle which it has followed hitherto and the American support of which it has warmly endorsed.

The Russian government readily admits the sincerity of the American government's decision and declines to listen to reports that the forwarding of the petition has any ulterior significance or is in any way associated with any other matters.

THE REASON WHY

Money is easier to move than dry goods, it is not a case of "want to" but simply a case of "have to." Our deep price cuts are barefaced temptations to coax you to buy, whether or not you're so inclined. A chance like this comes rarely in a small town. It is only stern necessity forces a merchant to cut prices as we have done.

Ribbons Under Price.

Still some of the desirable Ribbons that all women need by the dozen yards for summer use, priced at a third below value. In white and blue, green, pink—the light colors particularly in demand 3 to 4 inches wide, 15c yard.

A few pieces of double faced satin ribbon in sash width, 19c worth 40c to 50c a yard.

Teneriffe Dollies.

Always attractive. Have a new use allotted to them nowadays. They're used for trimming shirt waists and suits and make up very effectively. Round—

6 inches in diameter, with eight of the characteristic "wheels" in each doily. Not imitation, they're the genuine Teneriffe and only 25c each. In half dozen lots \$1.20. By the dozen \$2.20.

Women's Kid Gloves.

For the women who wear Kid Gloves in summer and for those foresighted enough to buy for autumn needs, here are offerings of Kid Gloves at prices that would create a furore a few months later.

\$1.50 GLOVES \$1.00.

Various styles and our own well-known makes. All perfect goods in fine colors, also black.

\$1.00 GLOVES 75c.
A saving of one-fourth on real kid skin gloves. Black and colors.

Men's Night Shirts.

Bought at a special price, sold the same way. You'd guess them 75c, but they're only 50c. Fine, soft finished muslin without a trace of dressing, cut ample in length and breadth, front pleat neatly trimmed with all white embroidery, or white picked out with red, pink or blue. Pocket, cuffs and collar have fancy white or colored stitching to match pleat. Handsome pearl buttons and carefully felled seams. Same shirt at same price.

without embroidery, simply finished with neat stitching. Don't gauge these shirts by any 50c ones in the market—they are exceptional values in every detail, material, trimming, workmanship.

Three Offerings of Note.

Poplin Batiste 10c. a Yard.

The goods have the appearance of the higher priced all-wool goods but are half wool and half cotton, so they can be laundered just like cotton goods. In delightful shades of mode, blue and rose pink. 36 in. wide. Worth twice this price.

All-Wool Voiles 39c. a Yard.

As fine in quality as goods selling for

65c a yard. They are more uniform in weave, smoother and firmer to the touch, more perfect in color than many more expensive voiles, in fact they have the appearance of being a much higher grade than the price indicates. In the following clear tints—castor, blue, reseda, mastic, navy and black. Made to sell for 59c yard.

Wool Etamines 39c. a Yard.

Etamines are one of the most favored fabrics this season. The weave and the colors of these are so handsome that even the dollar goods are scarcely more effective when made up. 40 and 45 inches wide, black, reseda, three blues—Rembrandt, navy and royal. Former price 60c.

On top of the exposure of the rottenness in the Postoffice Department come rumors of scandals in several other departments at Washington City. There has been something doin' on the part of the "grafters."

THERE is promise this year of the greatest crop of wheat on record. A new record was made last year in winter wheat, the aggregate reaching 411,000,000 bushels. But the present prospect is wholly unprecedented. There are two million more acres in wheat this year than there were last and the condition of the crop is remarkably high as a whole. But in the face of this the grain gamblers have "boosted" the price way up this week. The new wheat will be on shortly and then they will "boost" the price the other way.

ONE OF THE MANY TRUSTS.

Milk sugar forms the basis of baby foods. It is, therefore, a most necessary product in thousands of households, and it should be as cheap as possible. It would certainly seem cruel, almost inhuman, to legislate to make the price of baby food nearly double what it should be and thus put it out of the reach of millions of little unfortunates. But this is just what Congress did when it, in 1897, put a duty of five cents a pound on sugar of milk.

The Casein Company of America not only controls the National Milk Sugar Company, the principal manufacturer of milk sugar in this country, but it controls the milk sugar industry of the world.

It is now selling milk sugar in this country at 14½ cents and in Europe at 9½

cents per pound. It manufactures it here, principally in New York and Illinois, and exports it to other parts of the world. The difference in its foreign and domestic prices is exactly the amount of our tariff duty. The milk-sugar infant gets its protection at the expense of the human infant. We are sacrificing human infants on the altar of protection. We are putting the dollar above the man. Yet our President is discussing "race suicide" without suggesting lower duties on food and clothing, all of which vastly increase the cost of living and thus starve and freeze the little ones and greatly increase the death rate.

Moody's Manual of Corporation Securities for 1903 tells us that the capital stock of the Casein Company of America consists of \$1,000,000 of 8 per cent. cumulative preferred and \$5,500,000 of common, and the net earnings in 1902-3 were about \$1,700,000. The total value of our milk sugar product probably does not exceed \$3,000,000. Thus this protected industry makes a net profit of more than 25 per cent. on its highly watered capital and of perhaps 100 per cent on the sales of its products.

President Roosevelt should stop scolding the fathers and mothers of this country until he has had a private seance with the directors of the Casein Company, and until he has asked Congress to take the tariff duties off all products made by trusts which do not need protection and which use it only to unduly increase the cost of raising children.

OPEN AIR CONCERT.

Red Men's Band Will Give Their Initial Free Entertainment on Esplanade To-night.

The late Ben Johnson, of Johnson Junction, had been a member of the Mayelick Baptist Church for sixty-five years.

There is a larger acreage of tobacco set in Gallatin County than for many years. There is 150 per cent. of a crop as compared with last year.

Rev. C. K. Dickey will preach Sunday morning at the Old Stone Church at Morningsburg, and Sunday evening at the East Maysville church for Rev. W. A. Penn.

A large stock barn of O. E. Phillips, of Harrison County, with four valuable horses, hay, corn and feed, was burned late Thursday night. Loss several thousand dollars.

Henry Gates, hailing from Maysville, was robbed of \$40 by three negro thugs at the foot of Walnut street, Cincinnati, the other night. The Times-Star says the thieves literally chewed the purse out of his hands.

Imperial Encampment I. O. O. F. of Paris conferred the Royal Purple degree on thirty-five candidates Wednesday night. Grand Representative W. H. Cox and Past Grand Patriarch J. Barbour Russell were present.

Col. John B. Chenault, recently a candidate for State Auditor, is being urged to make the race for the Democratic nomination for Representative in Madison County. If he decides to run he will probably have no opposition in his own party.

Rev. Chas. F. Evans, D. D., will preach at First Methodist Church, South, at 10:30 a. m. to-morrow on "The Man With a Pitcher of Water, or God's Uses For Common People." The League services at 6:30 p. m. To both services all are most cordially invited.

At Helena M. E. Church, South, to-morrow morning Children's Day will be observed. The Flemingsburg male quartette will be there, and the Times-Democrat says if any of the Mill Creek or other folks doubt that they can sing they are invited to be present.

Presiding Elder Mann has gone to Tilton to conduct the fourth quarterly meeting for the Tilton-Nepton district to-day and to-morrow. Mr. Mann will conduct the fourth quarterly meeting for Flemingsburg circuit beginning Friday night, July 3rd, and continuing till Sunday night.

Louis T. Hagan, of Winchester, was this week granted a patent on a carburettor and governor for hydro-carbon engines. This invention does away with the objectionable features of gasoline engines. It dispenses with the needle valve, does away with the pump, regulates the speed and gives a uniform stroke.

Alfred Ruggles, who had been convicted and sentenced for murder at Greenup, and who succeeded in breaking jail, escaping to Bellaire, Mich., where he was captured and held in the county jail awaiting the arrival of officials from Kentucky, has again succeeded in getting away with three other prisoners.

Franklin (Ky.) Favorite: "Mr. and Mrs. C. W. Leake have returned to Maysville after a pleasant visit to relatives here. Mr. Leake has recently leased a large flouring mill there and will make that prosperous city his permanent home. In addition to being a most excellent and clever gentleman, Mr. Leake is recognized as one of the best and most experienced mill men in southern Kentucky. The Favorite joins his host of friends in wishing him success in his new home and business venture."

If You Pay More Than Smith Asks For Shoes You Pay Too Much! See the Point ?? ?

If you pay less, you get Shoes that are worth less. When anybody quotes lower prices they have to offer cheaper goods. If the prices are higher it is because the other fellow tacks on a bigger profit than SMITH does. That's the sum and substance of the whole question of price.

DUDLEY MARTIN MARRIED.

Former Resident of Maysville Wedded Miss Bessie Huber, of This City, Thursday at Covington.

[Enquirer.]

Mr. Dudley Martin, of the Hotel Alms, slipped away for a few hours Thursday, and when he returned he introduced one of the sweetest girls of Maysville, Ky., as Mrs. Dudley Martin. Mr. Martin is from Maysville, and his engagement to Miss Bessie Huber, of that city, took place some time since.

Some days ago Miss Huber came to Newport to visit relatives, and Mr. Martin decided that the time was most opportune and succeeded in bringing his sweetheart to the same opinion.

A license was procured Thursday and the two hastened to the home of a minister near by and were wedded. They will make their home on McMillan street, near Park avenue, Walnut Hills.

The bride is a daughter of Mr. L. T. Huber, who runs a meat market on East Third street. She is a lovely young lady and Mr. Martin is to be congratulated on winning her hand and heart.

ALL KINDS OF

FIRE

With a good Gas Range you can cook your soup over a slow fire, which it needs, and your roast over a quick fire, and both at the same time. How can you do this anyother way than with a GAS RANGE?

Gas Ranges At Factory Cost Price!

Never was such another opportunity afforded you to obtain so much value for the same money. During the month of June the Gas Company will, if so desired, make a written agreement with any purchaser of a Gas Range to the effect, that, if on the first day of August, said purchaser shall have become dissatisfied with the use of their Range, either for the reason that it will not do the work as represented, or that it costs too much to operate, then the Gas Company will take back the stove and refund any money paid upon its purchase price. The only thing to prevent you taking advantage of this offer is that the Ranges are sold quicker than they can be connected up, so if you are thinking of buying one, now is the time to decide. Over twenty installed during May and not a single complaint. For further particulars see the Gas Company and sample Ranges at Langfels & Co.'s.
